Many Districts Have Complete Quotas Certified for New National Army.

The work of examining and certifying for service in the new national army the men first selected under the consoription law is each day brought nearer completion by the local boards. In many districts the full quotas have been called and the boards are now certifying, men who will take the place of those later disqualified from service for various reasons.

ready have printed the names of the men composing the full quotas in twenty-one districts in New York city. To.day the names of the last men enrolled for the original quota by Board 168 and the complete list of names for the quota of 198 by Board 17 are printed:

The names in the appended lists are those of men certified to date by their local boards, excluding those whose names already have appeared in THE SUN and THE EVENING SUN.

A romantic reason is supplied to account for the presence in the For-eign Legion in Algeria of the British hero of Capt. Percival Christopher Wren's The Wages of Virtue (Frederick A. Stokes Company). An English baronet and officer, whose wife is in love with his friend, gets knocked in the head and is left for dead in central Africa. When he recovers his senses a couple of years later he is informed that his widow has married again; so he loses himself in the Legion. Many years later his wife's son joins the Legion, and the story turns into a highly colored description of that famous body its composition. its discipline and its manners and cus toms. The author makes use of a picturesque medley of foreign tongues, and feels at liberty to employ vulgar expressions that do not often appear in print, however common they may be in the mouths of the soldiers. Baldwin Plant Sets New Record is

All locomotive building records have been broken by the achievements of the last few weeks. Only two years ago the concern pointed with pride to its record of thirty locomotives a month. In the next few months, going at the present rate, it is expected that more than 125 a month will be turned out. These are all month will be turned out. These are all large engines of the complicated type.

The company began its speeding late in July, when it started its contract to furnish 150 locomotives to the Government for use in France. The order of 150 locomotives will be delivered by October 1, and recently it was announced that the entire lot of 764 locomotives needed in France will be built by the Baldwin works.
